FOR IMMEDIATE RELEASE

Interstate 80 Nighttime Lane Closures in Crockett and Hercules–

June 7 2017 through June 30 2017

Contra Costa County, Calif. – Caltrans is conducting work involving nighttime lane closures on segments of Interstate 80 (I-80) eastbound and westbound between Willow Avenue in Hercules and the approach to the Carquinez Bridge in Crockett in Contra Costa County. The work is part of a storm damage repair Director's Order. The project will replace concrete slabs in this stretch of I-80 where excessive rains from winter storms caused extensive damage and potholes. Work will commence in the eastbound direction; following completion of slab replacement on I-80 EB, work will proceed in the westbound direction. During nighttime work, some lanes will be closed to traffic. The work will take place over a two-week period beginning June 7 2017. The anticipated hours of lane closures are as follows:

- I-80 eastbound will have nightly lane reductions Thursday June 8 thru Saturday June 10 from 8:00 PM until 5:00 AM the following day. (9:00 AM end time on Saturday)
- I-80 eastbound will have lane reductions Saturday June 10 from 10:00 PM until Sunday June 11 at 10:00 AM.
- I-80 westbound will have nightly lane reductions Wednesday June 14 thru Saturday June 17 from 8:00 PM until 5:00 AM the following day. (9:00 AM end time on Saturday)
- I-80 westbound will have lane reductions Saturday June 17 from 9:00 PM until Sunday June 18 at 10:00 AM.

During these hours, motorists should anticipate traffic delays and construction noise associated with the closures. For updates on information, go to:
<http://www.dot.ca.gov/d4/stormdamageprojects2017/>.

Motorists should drive with caution through the work zone. Get real-time traffic on Caltrans Quickmaps: <http://quickmap.dot.ca.gov/>. Or follow Caltrans on Twitter: <http://twitter.com/CaltransD4>. Caltrans appreciates your patience as we work to maintain California's highways. Please #BeWorkZoneAlert.
